Plan Snapshot

Feature	Dental Standard	Dental Enhanced	Vision Plan
Individual/family deductible	\$50 / \$150	\$25 / \$75	Not applicable
Preventive dental	100% in network	100% in network	Not applicable
Basic dental	80% after deductible	90% after deductible	Not applicable
Major dental	50% after deductible	60% after deductible	Not applicable
Annual dental maximum	\$1,500 per person	\$2,500 per person	Not applicable
Routine eye exam	Not applicable	Not applicable	\$10 copay
Materials copay	Not applicable	Not applicable	\$25 copay
Frame or contact allowance	Not applicable	Not applicable	\$180

Plan document rule: The administrator's certificate controls covered services, exclusions, frequency limits, medical necessity, network status, claims, and appeals.

1. Eligibility and Enrollment

Regular U.S. employees scheduled at least 20 hours per week may elect dental and vision coverage for themselves and eligible dependents. New-hire elections are due within 30 calendar days. Coverage starts on the same date as medical coverage when elected on time.

Dental and vision elections are independent. An employee may elect either benefit without BluePeak medical coverage. Elections generally remain in effect for the plan year unless a qualifying life event permits a change.

2. Semi-Monthly Premiums

Coverage tier	Dental Standard	Dental Enhanced	Vision Plan
Employee only	\$9	\$17	\$4
Employee + spouse/domestic partner	\$20	\$36	\$8
Employee + child(ren)	\$23	\$40	\$9
Family	\$34	\$58	\$14

Domestic-partner coverage may create imputed taxable income. Premiums may change at the start of a plan year after notice.

3. Dental Standard Plan

The Dental Standard plan provides preventive, basic, and major coverage with an annual maximum of \$1,500 per covered person.

Service category	In-network member cost	Examples
Preventive and diagnostic	0%; deductible waived	Exams, routine cleanings, bitewing X-rays, fluoride for eligible children.
Basic restorative	20% after deductible	Fillings, simple extractions, periodontal maintenance, endodontics under plan rules.
Major restorative	50% after deductible	Crowns, bridges, dentures, implants when covered.
Orthodontia	Not covered	Consider Dental Enhanced for orthodontia.

The deductible is \$50 individual / \$150 family. Preventive services do not reduce the deductible but do count toward the annual maximum when the certificate states.

4. Dental Enhanced Plan

The Dental Enhanced plan has a lower deductible, higher annual maximum, higher coinsurance, and orthodontia coverage.

Service category	In-network member cost	Examples
Preventive and diagnostic	0%; deductible waived	Exams, routine cleanings, X-rays, eligible sealants.
Basic restorative	10% after deductible	Fillings, simple extractions, eligible periodontal and endodontic care.
Major restorative	40% after deductible	Crowns, bridges, dentures, implants when covered.
Orthodontia	50% up to \$2,000 lifetime maximum	Covered employee, spouse/domestic partner, and dependent child when eligible.

The deductible is \$25 individual / \$75 family. The annual dental maximum is \$2,500 per covered person; the orthodontia lifetime maximum is separate.

5. Dental Networks, Predetermination, and Limits

Using an in-network dentist generally reduces the allowed charge and prevents balance billing above the contracted amount. Out-of-network dentists may charge more than the plan allowance, leaving the member responsible for the difference.

Ask the dentist to submit a predetermination before expected charges of \$500 or more, major restorative work, implants, periodontal treatment, or orthodontia. A predetermination estimates benefits and is not a guarantee of payment.

Frequency, missing-tooth, replacement, waiting-period, alternate-benefit, and medical-necessity rules may apply. Review the certificate before beginning extensive treatment.

6. Vision Plan

The vision plan provides routine exam and materials benefits through participating providers.

Benefit	In-network member cost or allowance	Frequency
Routine eye exam	\$10 copay	Once every 12 months
Standard prescription lenses	\$25 materials copay	Once every 12 months
Progressive, anti-reflective, photochromic, or specialty lens options	Materials copay plus option charge	Once every 12 months
Frames	\$180 allowance, then 20% discount on remaining eligible balance	Once every 24 months
Contact lenses instead of frames/lenses	\$180 allowance	Once every 12 months
Medically necessary contacts	Covered under plan criteria after \$25 copay	As approved
Additional glasses or sunglasses	Network discount when available	No frequency guarantee

The routine eye-exam copay is \$10 and the materials copay is \$25. Medical eye conditions, injury, surgery, or diagnostic testing are generally handled under the medical plan rather than the routine vision benefit.

7. Contact Lenses and Frames

The contact-lens allowance replaces the frame and lens benefit for the same benefit period. Fitting fees may be included or separately charged depending on lens type. Verify with the provider before ordering.

Frames above the \$180 allowance are the member's responsibility after any network discount. Online or out-of-network purchases may require a member claim and may have a lower reimbursement schedule.

8. Claims and Appeals

In-network providers normally submit claims. For an out-of-network dental or vision purchase, submit the itemized receipt, provider information, diagnosis or procedure code when required, and member claim form within the certificate deadline.

An Explanation of Benefits is not a bill. Appeals must follow the address and deadline in the denial notice. Benefits can explain the process but does not decide claims.

9. Qualifying Life Events and Coverage End

Changes after marriage, divorce, birth, adoption, or loss of other coverage must be submitted within 30 calendar days. Dental and vision coverage normally ends on the last day of the month in which employment or eligibility ends, subject to continuation rights.

10. Dublin Dental and Optical Benefit

Dublin employees receive a combined dental and optical reimbursement allowance of EUR 400 per plan year under the local benefit program, in addition to services covered by the local medical plan. Claims are submitted through the Ireland Benefits Portal and follow local tax and plan rules.

11. Frequently Asked Questions

11.1 How much is the dental deductible?

Dental Standard is \$50 individual / \$150 family. Dental Enhanced is \$25 individual / \$75 family.

11.2 What is the vision copay?

The routine exam copay is \$10. The materials copay is \$25.

11.3 Can I use both frames and contacts in the same year?

The standard allowance is for contacts instead of the frame-and-lens benefit during the same period. Additional purchases may receive a discount but are not fully covered.

11.4 Does dental preventive care use the deductible?

No. The deductible is waived for covered preventive care in network.

11.5 Is adult orthodontia covered?

Yes under Dental Enhanced when the person is an eligible covered member, subject to the lifetime maximum and certificate rules.

90. Administration, Exceptions, and Questions

BluePeak administers dental and vision benefits consistently with the employee's work location, employment classification, written employment terms, and applicable law. A statutory or contractual entitlement that is more generous than this document will apply to the extent required. A manager may not waive a legal requirement, create a new benefit, or promise an exception without written approval from the document owner.

Employees should raise questions before relying on an informal interpretation. Contact benefits@bluepeaktech.com through Outlook or the People Help channel in Microsoft Teams. Payroll, Legal, Information Security, or a site leader will be consulted when the question involves tax, wage-and-hour, privacy, immigration, safety, or local-law considerations.

Approved exceptions must identify the employee, the policy provision, the business reason, the approving authority, the start and end date, and any conditions. Exceptions are stored with the employee or transaction record and do not establish a precedent for other employees.
