1. How to Use This Directory

This directory lists contacts employees commonly need for company services, leadership, offices, and urgent escalation. Use Microsoft 365 People Search for the complete current employee roster and reporting line. Personal mobile numbers, home addresses, and personal email addresses are not published.

Emergency: For immediate danger, fire, serious medical need, or crime in progress, call the local emergency number first: 911 in the United States or 112/999 in Ireland. Contact Security and Workplace after emergency services when it is safe to do so.

9. Directory Privacy and Maintenance

This directory is for legitimate company use. Do not use it for unsolicited marketing, personal fundraising, political solicitation, bulk external outreach, or disclosure outside BluePeak. Report incorrect role, contact, or site information to communications@bluepeaktech.com. Changes to an employee's legal name, manager, department, or location must be made through the HR system before the directory is updated.

90. Administration, Exceptions, and Questions

BluePeak administers this directory consistently with the employee's work location, employment classification, written employment terms, and applicable law. A statutory or contractual entitlement that is more generous than this document will apply to the extent required. A manager may not waive a legal requirement, create a new benefit, or promise an exception without written approval from the document owner.

Employees should raise questions before relying on an informal interpretation. Contact communications@bluepeaktech.com through Outlook or the People Help channel in Microsoft Teams. Payroll, Legal, Information Security, or a site leader will be consulted when the question involves tax, wage-and-hour, privacy, immigration, safety, or local-law considerations.

Approved exceptions must identify the employee, the policy provision, the business reason, the approving authority, the start and end date, and any conditions. Exceptions are stored with the employee or transaction record and do not establish a precedent for other employees.
