Program Snapshot

Resource	BluePeak benefit
Employee Assistance Program	8 confidential counseling sessions per issue per year, plus 24/7 crisis and referral support.
Fitness and wellbeing reimbursement	Up to \$75 per calendar quarter for eligible expenses.
Financial coaching	Unlimited digital education and 3 individual coaching sessions per year.
Caregiver support	Navigation, elder-care resources, and up to 10 subsidized backup-care days per year.
Ergonomic support	Virtual assessment and approved equipment recommendations.
Pet insurance	Voluntary group-rate access; employee-paid with no BluePeak contribution.

Confidentiality: EAP and coaching providers do not give BluePeak individual counseling details, diagnosis, or session notes. BluePeak may receive aggregate utilization information that does not identify an employee.

1. Eligibility

Regular employees are eligible from the first day of employment unless a resource states otherwise. Spouses, domestic partners, dependent children, and household members may use designated EAP and caregiver resources. Contractors and interns may use crisis resources and site wellbeing events when included in their program.

Participation is voluntary. A manager may recommend a resource but may not require counseling or ask for details, except where a formal fitness-for-duty or safety process is lawfully administered by People Operations.

2. Employee Assistance Program

The EAP provides 8 free counseling sessions per issue per year. A new issue may qualify for a separate session bank under provider rules. Services include short-term counseling, crisis support, grief, relationship and family concerns, stress, anxiety, substance-use support, legal consultation, financial consultation, and referrals.

Contact:

- 1 United States and global line: +1 800 555 0278
- 1 Ireland local line: +353 1 555 0260
- 1 Digital access: Employee Portal > Benefits > Employee Assistance Program

The EAP is not an emergency service. Call local emergency services for immediate danger or a medical emergency.

3. Mental-Health Support

Medical plans include behavioral-health services and telehealth under plan cost sharing. The EAP can help identify longer-term providers. Employees may use Sick Leave for appointments and may request accommodation or medical leave through People Operations.

BluePeak supports reasonable boundaries, workload planning, respectful communication, and time away. Wellness resources do not replace a manager's responsibility to address unreasonable workload, harassment, unsafe conditions, or organizational problems.

4. Fitness and Wellbeing Reimbursement

Eligible employees may be reimbursed up to \$75 per calendar quarter, with no carryover between quarters. The expense must be incurred while the employee is eligible and submitted within 30 days after quarter-end.

4.1 Eligible Expenses

- 1 gym, recreation center, or fitness-studio membership;
- 1 instructor-led fitness, yoga, swimming, dance, or movement class;
- 1 home fitness equipment such as weights, resistance bands, mats, or cardio equipment;
- 1 race or organized fitness-event registration;
- 1 meditation, sleep, or wellbeing application subscription;
- 1 ergonomic accessory approved through the workplace process; and
- 1 eligible sports league or individual activity fees.

4.2 Ineligible Expenses

- 1 supplements, vitamins, meal replacements, diet products, or medication;
- 1 ordinary clothing, footwear, cosmetics, or personal grooming;
- 1 alcohol, tobacco, cannabis, weapons, or gambling;
- 1 medical treatment already reimbursed by a health plan or account;
- 1 spa, massage, or resort expenses unless specifically prescribed and approved under another benefit;
- 1 family-member expenses, except a family membership may be prorated to the employee's share; and
- 1 equipment intended mainly for commuting or transportation.

Submit the itemized receipt and a brief category description through the Wellness Reimbursement workflow. Approved reimbursements are paid through payroll and may be taxable.

5. Financial Wellbeing

Employees have access to budgeting, debt, credit, emergency savings, retirement, education funding, and major-life-event resources. The program includes 3 individual financial-coaching sessions per year. Coaches provide education, not investment, legal, or tax advice.

The Retirement Portal includes modeling and investment-education tools. Employees should verify credentials before sharing financial information and should never give a coach company credentials or MFA codes.

6. Caregiver and Family Support

The caregiver program provides child-care and elder-care navigation, provider search, care consultations, and up to 10 subsidized backup-care days per employee per year. Employees pay the copay shown when booking. Availability depends on provider capacity and location.

BluePeak does not provide a general cash childcare subsidy. U.S. employees may elect a dependent care FSA during enrollment, subject to eligibility and legal limits. Schedule flexibility, Sick Leave, PTO, and protected leave may also apply.

7. Pet Insurance

Employees may purchase voluntary pet insurance through a group-rate program. Premiums are employee-paid through direct billing; BluePeak does not pay or reimburse pet-insurance premiums. Coverage, exclusions, waiting periods, and claims are governed by the carrier policy.

8. Ergonomics and Remote Workspace

Employees may request a virtual or onsite ergonomic assessment for discomfort, prevention, or workspace setup. Workplace may recommend posture, schedule, keyboard, mouse, monitor, chair, lighting, or other changes. Approved company equipment is based on role and need; the \$75 wellness reimbursement does not replace the accommodation process.

Report work-related pain or injury promptly under the Workplace Safety & Emergency Procedures. An ergonomic assessment is not a medical diagnosis.

9. Preventive Health and Wellbeing Activities

BluePeak may sponsor vaccination clinics, health education, walking challenges, mindfulness sessions, financial seminars, and team wellbeing activities. Participation and health disclosures are voluntary. Incentives are designed and administered in accordance with privacy and benefit requirements.

Managers should not rank employees based on participation or infer health status from nonparticipation.

10. Substance-Use and Crisis Support

The EAP offers confidential assessment and referral. Employees may also contact medical providers or People Operations for leave or accommodation. In an immediate crisis, call local emergency services or an appropriate crisis line.

An employee who reports a concern before a policy or safety incident will be supported, but disclosure does not prevent BluePeak from addressing actual misconduct, unsafe work, or performance issues.

11. Reimbursement Administration

Wellness claims are separate from business expenses and must not be placed on a corporate card. Submit within the quarterly deadline. Duplicate reimbursement from a medical plan, FSA, HSA, expense report, or another program is prohibited.

A denied claim includes a reason and correction path. Appeals should be sent to benefits@bluepeaktech.com within 30 days.

12. Frequently Asked Questions

12.1 How many counseling sessions are free?

Eight sessions per issue per year under the EAP.

12.2 How much can I receive for a gym membership?

Up to \$75 per calendar quarter, subject to the eligible-expense and submission rules.

12.3 Does BluePeak pay for pet insurance?

No. A voluntary group-rate option is available, but the employee pays the premium.

12.4 Is there a childcare subsidy?

There is no general cash subsidy. The caregiver program includes up to 10 subsidized backup-care days, and eligible U.S. employees may use a dependent care FSA.

12.5 Does my manager know that I called the EAP?

No. Individual use is confidential, subject to provider safety and legal duties.

90. Administration, Exceptions, and Questions

BluePeak administers the Employee Wellness Program consistently with the employee's work location, employment classification, written employment terms, and applicable law. A statutory or contractual entitlement that is more generous than this document will apply to the extent required. A manager may not waive a legal requirement, create a new benefit, or promise an exception without written approval from the document owner.

Employees should raise questions before relying on an informal interpretation. Contact benefits@bluepeaktech.com through Outlook or the People Help channel in Microsoft Teams. Payroll, Legal, Information Security, or a site leader will be consulted when the question involves tax, wage-and-hour, privacy, immigration, safety, or local-law considerations.

Approved exceptions must identify the employee, the policy provision, the business reason, the approving authority, the start and end date, and any conditions. Exceptions are stored with the employee or transaction record and do not establish a precedent for other employees.

91. Related Documents and Systems

Resource	When to use it
Health Insurance Guide	Medical and behavioral-health coverage and cost sharing.
Life & Disability Insurance	Income replacement and life benefits.
Sick Leave Policy	Time away for treatment, mental health, and family care.
Expense Reimbursement Policy	Business expenses; wellness claims use a separate workflow.
Workplace Safety & Emergency Procedures	Injury reporting and emergency action.
